I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

NATIONAL

Republican Ticket.

FOR PRESIDENT,

BENJAMIN HARRISON

OF INDIANA.

FOR VICE-PRESIDENT

LEVI P. MORTON,

OF NEW YORK.

NEWS OF THE MORNING.

Snow fell throughout England yesterday.

The Catholic Bishop of Limerick has forbidden the collection of money at chapels for the Parnell Fund.

The President has signed the Chinese bill and transmitted it to Congress, accompanied by a long message.

Revised proofs of the last chapter and index of General Sheridan's Memoirs were received by Col. Sheridan from the publishers Saturday.

The widow and children of General Sheridan, in company with Col. Sheridan and wife, left Nonquitt, Sunday evening for Washington.

The incendiaries of Towle's mills, in Placer county, Cal., are being hunted down, two of them have been killed, and the others, it is thought, will be captured.

The Pope celebrated high mass at St. Peter's Sunday to solemnize the close of his term. His Holiness was given a reception and was greeted with cries of "Viva." He appeared to be deeply moved.

A train on the Oregon Short Line was derailed by running into a herd of cattle near Pocatello, Idaho, last Friday night, and killed Thomas Hill, engineer, J. Leonard, fireman, Charles Watten, brakeman, and two unknown men who were riding on board the cars. Thirty cars were wrecked.

There are excellent reasons for believing that the Republican National Committee has changed Blaine's appointments for Indiana, owing to a pressing demand from Connecticut, New Jersey and other eastern States, and the Indiana canvas will be confined perhaps to two speeches.

The Sacramento Bee pertinently remarks that the appropriation of $100,000 for the location of storage reservoirs at the headwaters of streams west of the hundredth meridian may be regarded as the beginning of a vast scheme of governmental reclamation. The region west of the hundredth meridian includes two-fifths of the national area. It is estimated that there are in this district nearly 1,000,000 square miles that can be made productive with water, but we think this somewhat excessive. The scheme seems to be practicable as anything, almost, is with money enough to back it. No private combination could handle so vast a scheme and it needs the government to carry it out. The tillable area of the country will be increased by some thirty or forty per cent. if the great project is carried through. It is a marvelous undertaking but not too great for the giant of the nations to complete. California and Nevada will be enormous gainers if the big project is carried out as contemplated.

The Democratic National Committee is reported to be alarmed concerning the political outlook in Florida, owing to the continued extensive exodus of white voters to the North. The Democratic plurality in Florida at the last Presidential election was 3,735, the average Democratic majority being from 5,000 to 6,000. It is estimated that 10,000 Florida citizens are now in the North and afraid to return because of the yellow fever.

Fred Douglas has issued a long address to the colored people of the United States, wherein he reviews the history of the last twenty-five years, and points out the fact that the Republican party has been the friend of the colored people. He says the future welfare of the colored people depends on that party's success.

Blaine is giving the Demmys something to think about.

Washoe Republicans should stand by their guns.

Now is the time to advertise for Fall trade.

Gen Alger is a Republican brick.

Blaine, Blaine, James G. Blaine.

Harrison is all right.

REPUBLICANS MUST GO.

The War Department at Last Made a Political Machine.

WASHINGTON, September 28.—For the first time in the history of the country, an official order has been issued from the War Department directing certain military servants of the Government to use their official positions for political purposes.

Some days ago the the Indianapolis Journal received a letter from a citizen of Rock Island, Ill., in which he stated that a sister of his, the widow of a Union soldier, had been dismissed from her position in the arsenal there solely because she was a Republican's widow.

The writer said that he had investigated the circumstances and was sure of the reason, because he had been furnished with absolute proof of the political nature of the appointing and dismissing power, in the form of a circular issued by the War Department.

This circular was inclosed, and it was in such open violation of the spirit of the civil service law that the Indianapolis paper concluded that it must be bogus. Consequently it was forwarded to the Journal's Washington correspondent with instructions to investigate its authenticity. The circular is as follows:

[Confidential.]
ORDNANCE OFFICE, WAR DEP'T.
Washington, D. C., Jan. 4, 1888.

To the commanding officers of the national armories at Springfield, Mass., and Rock Island, Ill., and of the United States arsenals, at New York, West Troy, N. Y., Philadelphia, Boston and Benicia, Cal.—SIR: While the arsenals and armories are not intended to be converted into political machines, two political parties in this country are recognized. It is therefore ordered that hereafter in employing and discharging employes of any and all grade—other things being equal to their qualifications—Democrats will be favored, the object being to divide the force in the different grades gradually between Democrats and Republicans. This rule will apply to women and children, as well as to men, and will be strictly enforced. Respectfully, your obedient servant,

S. V. BENET,
Brigadier-General and Chief of Ordnance, U. S. A.

THE CIRCULAR GENUINE.

The circular was submitted to General Benet this morning, and he was asked if it was a true copy of a circular sent out by him. He replied that it was, and explained that it had been prepared in response to a demand from Secretary Endicott that something must be done towards giving the hordes of Democrats by whom he was surrounded some of the places for which they were begging.

REPUBLICANS IN THE MINORITY.

General Benet incidentally added that, while it was originally supposed that in the armories and arsenals of the United States the majority of the employes were Republicans, a poll had been taken, under orders from the department, which had shown conclusively that the reverse is true, and that a majority of the employes are and have been for some time Democrats.

The New York Mail and Express states eight reasons which go to show that Grover Cleveland is mistaken in supposing himself to be a civil service reformer. They are as follows:

1. The collection of assessments for the Widow McGinnis' pig.
2. The clearing out of all the Republican office-holders in Indiana.
3. The refusal to remove District Attorney Benton of Missouri because he made Democratic speeches. The removal of District Attorney Stone of Pennsylvania because he made Republican speeches.
4. The turning over of Vermont patronage to B. B. Smalley, Internal Revenue Collector, and Hiram Atkins, Superintendent of Public Buildings.
5. The turning over of the machine in this State to Daniel Magone, Collector of the Port.
6. The appointment of Higgins, Morris Thomas, and Rasin to responsible places, as a reward of dishonorable political services.
7. Standing by Gorham in his debauchery of Maryland politics.
8. Helping along a local contest in this city by a money contribution.

Of course this does not exhaust the reasons. Eight times eight more of equal force might be offered, but the list is sufficient to justify our contemporary, who is a good judge of morals, in saying that "the man who is guilty of them is no more a reformer than the impenitent thief was a Christian."

THE UTAH CENTRAL SURVEY.—The Enterprise says:

The Utah Central Railroad folks are now engaged in making a critical examination of the mineral resources of Lincoln county, Nevada. John Sharp, Jr., of that railroad, accompanied by L. U. Colbath, were last week looking at the mines around Pioche. "Lem" Colbath is just the man for the proposed work. He is a graduate of the "Comstock School of Mining," and since he left the old lode has had years of experience in the mines of Utah, Montana, Idaho and other Pacific Coast mining regions. He is one of the few mining experts worthy the name—is a man who is a real expert. The Utah Central folks have had surveyors in the field all summer. They have been at work between the terminus of their road in Utah and Mohave, California. Most of their time has been spent in running lines across Nevada.

A MONSTER MEETING.

One Hundred Thousand New Yorkers Greet Blaine.

NEW YORK, Sept. 29.—About 100,000 people assembled at the polo grounds to-night to hear speeches by James G. Blaine and other distinguished speakers. The crowd from the very outset inaugurated a series of cheers that outlasted the meeting itself. The decorations of the grand stand and other platforms were on a scale of grand profusion, and streamers were stretched in every direction. The escutcheons of the various States were planted at intervening points along posts, and in the midst of these were huge portraits of Harrison and Morton. The main platform from which the speakers addressed the meeting faced Grand street. On this sat the invited guests of the evening. Half a dozen bands played national airs during the evening. Stereoptical views were also exhibited bearing on free trade and protection.

President Humphrey, of the Harlem Club, welcomed the people from the main stand, while others were performing the same office and introducing speakers at the other stands about the grounds. He introduced Hon. J. B. Foraker, who addressed the people. Before he had finished there were cries of "Blaine! Here comes Blaine!"—and when that gentleman appeared on the platform a scene of indescribable enthusiasm followed. Cannon were fired, rockets burst in the air, the bands struck up "Hail to the Chief," and deafening cheers rent the air.

The Chairman then introduced Blaine. He began his address by commending General Harrison's "remarkable ability in condensing a whole argument within the dimensions of a proverb." The same had been true of Franklin and of Lincoln. General Harrison's reference to the dogmatic free trade as "students of maxims and not of markets" had exposed in a sentence the fallacy of their economic creed. Blaine then went into history, and his speech dealt entirely with the record of the high tariff and low tariff and the relative effect of each upon the country—the various tariff measures, from the first in 1789 down to the issues of 1844 between Clay and Polk, after which the free trader Robert J. Walker, of Mississippi, became Secretary of the Treasury, and under whom the protective tariff of 1842 was cut down and the free-trade tariff of 1846 placed on the statute books.

Jefferson's messages to Congress, in which he discussed the several methods of disposing of the surplus, were cited in comparison with the utterances of Cleveland on the same subject, and at each juncture of the national history where tariff issues were involved, Blaine instituted comparisons between the Democrats of then and those of now, and held up the disastrous results of 1837 as a warning that the tariff should not then have been lowered, as it was, nor should it be now.

Blaine's address was designed to present historical tariff situations analagous to the present, and in each case his deductions were strongly in favor of the election of Harrison and the defeat of Democratic endeavors.

Speeches were then made by John F. Fenerty, Rev. W. R. Derrick (colored) and others. A parade by a torchlight procession of 5,000 men was a feature of the demonstration.

Senator Sawyer to Retire to Private Life.

Senator Sawyer, of Wisconsin, recently said: "I am surprised that any one should suppose that I will be a candidate for re-election to the Senate. I did not know that the matter was even mentioned. When my present term shall expire my age will be such as to preclude all possibility of my being mentioned for re-election. I will be 77 years old. When a man attains that age he ought to be willing to retire from political life. I certainly shall. It is useless to talk of the matter."

The Sacramento Record-Union remarks that all the sensational stories going about that General Harrison has promised this and that Cabinet position to certain men in case of his election, are unworthy of consideration. Unless we are to write General Harrison down a fool we are not to believe them. He is a far-seeing, sensible and cool-headed man of great experience and much caution. Such men do not count unhatched chickens, much less boast of how they will fill offices before they attain to the power to dispose of them.

Sam Laughton will hereafter run a daily coach between Reno and the springs leaving Reno at 9:45 in the morning and returning at 2:45 in the afternoon. SECOND TRIAL OF MILES FINLEN.—The Second trial of Miles Finlen, indicted for murder in causing the death of David Payne, began in the Storey District Court yesterday before Judge Rising. Hon. W. E. F. Deal and Charles E. Mack appeared as counsel for the defendant, and District Attorney Huffaker for the prosecution. The Virginia Chronicle says public interest in the case has materially abated since the first trial evidenced by the slim attendance of spectators.

RECEPTION TO STEWART.—It is proposed that Senator Stewart shall be given a public reception upon his return to Reno next week. Prof. Brown is interesting himself in the matter, and the reception is to be non-political, but solely as a recognition of the labors of the Senator for the people. The reception will take at McKissick's Opera House.

COUNTY COMMISSIONERS.

Business Transacted by the Board at Their Regular Monthly Meeting Held Yesterday.

The Board of County Commissioners met yesterday, pursuant to adjournment. Present—T. K. Hymers (Chairman), W. P. McLaughlin, Wm. Merrill, Commissioners; Pierce Evans, District Attorney; T. V. Julien, Clerk.

In the case of O. Lonkey, whose property was recently destroyed by the Verdi fire, the Board reduced the assessed value of his Verdi property from $16,770 to $4,395.

The property of J. E. Souchereaux, also a sufferer by the fire, was reduced from $590 to $440.

The property of the Continental Oil Company, a small building near the lumber yard, was reduced from $300 to $100.

The Verdi Town Hall, destroyed by fire, was stricken from the roll.

B. F. Leete appeared before the Board and asked a reduction of $1,500 on personal property, claiming that a mortgage for $5,000 upon this statement there was but $3,500 due at the time the statement was filed, and that the other $1,500 should be assessed to Mrs. Julia D. Lee, who held the mortgage, and to whom the $1,500 had been paid. The application was decided to have come too late and the Board refused to grant the reduction.

The V. & T. R. R. on main track was reduced from $10,000 to $9,500 per mile.

The assessed value of five town lots in block 4, assessed to J. N. Evans was reduced from $1,000 to $500.

GROWING SCHOOLS.

The University and Reno's Public Schools.

The schools of Reno are growing. There are 87 pupils enrolled at the State University, and 85 in daily attendance. There is not an unoccupied chair in the building and the Professors unite in saying that additional room is absolutely necessary.

In the public schools four rooms each have from 65 to 70 scholars, and the Trustees think they can relieve the pressure somewhat by fixing up the Kindergarten room in the old school house, and making a class there. They will run along this month as usual, but the time is near at hand, it is believed, when additional buildings and teachers will be necessary to solve the problem.

PERPETUAL MOTION.—The Plumas National says:

In a letter just received from D. M. Bull, dated New York, Sept. 14th, he says he has been unable to get any parties to take hold of his invention, and after a thorough investigation by scientific men, it has been pronounced a failure. Mr. Bull has gone to Texas to visit friends and will be in Quincy in about six weeks, when he will explain the whole business to his many friends.

Syrup of Figs

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to Cleanse the System when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time, cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may cose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Bochee's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw (-1y

PLATFORM AND RESOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved, That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.

Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonetized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873.

II

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wageworkers competition with the cheap labor of other lands.

Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

III

Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, while crippling the mail services, with refusing to pass necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the Mint employes at Carson, for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

IV

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

V

We demand, in behalf of our various industries, the retention of the duties on lead, borax soda, hides and leather, and to restore the tariff of 1867 on wool.

VI

Resolved, That we recognize the right of labor to organize for its lawful protection.

VII

Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.

VIII

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation.

IX

We indorse the wise and conservative administration of Governor C. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.

X

We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.

XI

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea-coasts, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

XII

It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.

XIII

We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employes to the standard paid by the last Republican Administration.

XIV

We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employes.

PLATFORM.

The Republicans of Washoe, proud of the past and hopeful for the future, heartily endorse the platform and nominees of the National Republican Convention, as adopted at Chicago, and the Republican State Convention at Winnemucca, and pledge a rousing majority for Harrison and Morton and Protection, and Murphy and Bartine and the ticket nominated by this Convention. We demand legislation from both Government and State in regard to irrigation, and for the improvement of our natural waterways, as well as for the storage of water, whereby the natural advantages of this section can be improved to their fullest capacity. We demand the most rigid economy in State and County affairs, and the establishment of the State's expenses upon such a basis as will secure good government at the lowest rate of taxation. We maintain that a rate of seventy five cents should be and is sufficient to provide revenue for the State Government.

In view of the rejection of the new Chinese treaty by the Mongolian Government we demand the total and absolute exclusion of all Chinese, and they must go.
